VIRTUAL LEARNING EXPECTATIONS:

We will be learning virtually for a portion of the school year. Daily attendance and participation online is expected and part of your participation grade. We will be playing some days but until we can meet face-to-face this is just tricky to do altogether. There will be assignments you turn in through Schoology, Flipgrid and MusicFirst.

INSTRUMENT CHECKOUT

We will be working with the School and District to check out instruments to students. There will be a contract for you to complete with your parent. If you vandalize a school instrument, you or your parents/guardians will be required to pay for its replacement. Prices vary according to various instruments.

EXTRA CREDIT:

If a student wishes to possibly bring their grade up ONE letter grade, for example a D to up to a C or a C up to a B, they have a couple of options. One option is to write a paper that would include topics such as the history and development of a major band or orchestral instrument, a biography of a major composer, or other appropriate musical topic approved by the instructor. The paper will be no more than 4 pages in length. The paper will be worth a maximum of 5 percentage points.

The second option is to attend a music performance approved by the instructor and write a summary of the event attended. Two events may be attended. Each paper will be worth a maximum of 2.5 percentage points for a maximum total of 5 percentage points.

Check with the instructor to see if you are eligible for extra credit before doing the assignment. Additional specifications will be given at the time of assignment.

MAKE-UP PRACTICES: Students whose absence is excused shall be allowed two (2) days for each day of absence to make up work or take a test. **Responsibility for making up missed work lies with the student.** Refer to the Student Conduct Code regarding make-up practices for other types of absences.

HOMEWORK PRACTICES: To insure success in Band, students are expected to rehearse in class every day. Additionally, practicing at home to develop better technique and improve tone is required. Ideally, 30 minutes of daily practice to reinforce class materials should be sufficient for maintaining the minimum skills. 30 minutes to an hour is suggested if an intermediate student plans on growing as a musician.

**Instruments are available for purchase OR rent through local music stores and online. Additionally they can be found at flea markets and pawn shops – but you should be careful when purchasing your instrument that you are getting a good deal and a quality instrument. Ask Mr. Cover for details if you are interested!
